BASKETBALL TEAM'S TRIP.

Team Leaves To-Day for Syracuse and Ithaca. Yesterday's Practice.

The University basketball team will leave Princeton at 1:21 p.m. today for New York. The following men compose the team: Guards, J. W. Ahrens, Manager; A. L. Kliney '92: forwards, Captain and Wrightston; center; Whitehouse, Cunningham; forwards, Seely and Wrightston. Seely will be the only substitute taken.

The men will stay at Eighty Hall until tomorrow morning. They will play St. John's Military and Wrightston, Captain, and will return over Sunday in Syracuse. The men will leave on Monday morning for Ithaca, where they will play Cornell that night. The lineup of this game will probably be as follows:

The men will leave Ithaca after the game, and the team will arrive in Princeton on Tuesday morning.

The University basketball team defeated Yale last Tuesday afternoon by a score of 50 to 19. This was the first practice of the season for Princeton, and Enderbrook allowed them to rest after the game with Yale and Harvard last week.

The men were much benefited by the rest and showed great improvement in individual playing. Captain Roper was not in the game yesterday owing to illness, and Wrightston took his place at guard.

For the first game, Carter and McCoy were chosen for the starting lineup, while Baker and Ferry excelled for the second team.

Saturday the ball was put in play. Whitehouse scored for the first team and was followed by Seely who scored two goals in rapid succession. Ferry and Suderley scored for the second team and Clement scored for the first team. Trone also caged the ball, and goals by Whitehouse, McCoy, and Carter made the score 1 to 1 in favor of the first team. After Suderley had scored on McCoy's goal, Captain Carter threw the ball to Seely each one.

Corti, with the aid of good team work, scored a goal and a half, and Seely had scored the ball as the half closing, making the score 27 to 10 in favor of the first team.

Balletto at the time of the second half, Ferry scored for the second team, but two goals each by McCoy and Seely increased the score to 15 in favor of the first team. Both Whitehouse and Suderley scored for the second team, and Wrightston threw a hard goal from near the side line. Carter and Trone caged the ball once each and Wrightston scored twice. McCoy, with the aid of good team work, scored a goal, and after he had scored again Wrightston and Carter caged the ball once each. Just as the half closed, Wrightston threw the last goal of the game.

GYM. TEAM EXHIBITION.

The University gymnastic team will leave Princeton at 1:21 p.m. today for Ossining, New York, where they will give an exhibition at the Ossining. Semi.

The exhibition will be followed by a contest of the University against the Ossining team, to return to Princeton to-morrow morning.

The program of the exhibition will be as follows:

Horizontal Bar. ... Team

Rope Climbing. ... Team

Parallel Bars. ... Team

Clamp Swinging. ... Savage

Bacterial Training. ... Ball Gym.

Flying Rings. ... Team

Tumbling. ... Team

Double Trampette, Wallower, Parrott.

LECTURE BY MR. RIS.

Mr. Jacob A. Riis delivered the second Trask lecture in Alexander Hall last evening. His subject was "Edison and the Slums." The lecture was illus-

inated by stereopticon views of scenes in New York.

In introducing Mr. Riis, Professor Finley said: "It is with a sense of mark that Mr. Riis is the most useful man in New York." In replying, Mr. Riis said that last year he had asked Professor Finley not to quote this re-

mark, because of the fatal result which followed a similar quotation some time ago, when a deaf man, misunderstanding the words, put them to the use of the most beautiful man in New York. Following his subject, Mr. Riis said that he would state three propositions with which he thought all his audience would agree. These were: (1) Men cannot live in utter filth, and vote, and like men of the time; (2) If you throw the children of to-day, so these children will shape our state of the future; (3) What makes the political criminals are held in the college while he was in Princeton, and also to the great spiritual awakening that spread throughout the college at that time. Mr. Wishard then told of the Student Volunteer Movement, which originated in Princeton with the aid and inspiration of Cleveland H. Sullivan. The "Jabber 79," has spread throughout the world. He said that the success of the Movement among the colleges was due especially to the efforts of Dr. Parrott, the member of the religious persuasion, of the college at that time. He then spoke in favor of the spread of good work from Princeton all over the United States, and then to Great Britain and Germany. It now extends its influence in almost every part of the world.

MEETING OF BOARD OF TRUSTEES.

The regular quarterly meeting of the Board of Trustees was held yesterday afternoon in the Trustee's Room of the University Library. The larger part of the business before the Board was of a routine character. The Board adopted the proposals of the University Faculty in regard to the standards of graduate work and instructed the dean, of the School of Architecture, to make an organization of graduate courses in accordance with these standards. Hereafter, the limit of time for graduate courses will be three hours a week instead of two hours as heretofore. It is expected that the complete list of courses for next year will be ready in time to present to the Board of Trustees at their Commence-

ment meeting.

The following changes in the entrance requirements of the Civil Engineering course were adopted, to go into effect in 1903:

(1) English as given under "English" pages 36 and 37 of the catalogue.

(2) Mathematics, as given under "Mathematics 3, 4, 5, 6" pages 142-144 of the catalogue.

(3) One of the following languages:

(a) Latin, as given under "Latin 6, 7, 8," page 143 of the catalogue.

(b) French, as given under "French" pages 144-145 of the catalogue.

(c) German, as given under "German 3, 4, 5, 6, 7, 8," page 146 of the catalogue.

(4) One of the following sciences:

(a) Physics, as given under "Physics" pages 147-148 of the catalogue.

(b) Chemistry, as given under "Chemistry," pages 183-145 of the catalogue.

(5) One of the following "Professional Subjects":

(a) Accounting, as given under "Accounting" pages 149-150 of the catalogue.

(b) Mathematics, as given under "Mathematics 3, 4, 5, 6" pages 142-144 of the catalogue.

(6) One of the following "Professional Subjects":

(a) Accounting, as given under "Accounting" pages 149-150 of the catalogue.

(b) Mathematics, as given under "Mathematics 3, 4, 5, 6" pages 142-144 of the catalogue.

(7) One of the following languages:

(a) Latin, as given under "Latin 6, 7, 8," page 143 of the catalogue.

(b) French, as given under "French" pages 144-145 of the catalogue.

(c) German, as given under "German 3, 4, 5, 6, 7, 8," page 146 of the catalogue.

PHILIP H. CHURCHMAN.
A TRIP TO THE "OWL." Much inconvenience and discomfort have always been experienced by the undergraduates who have seen fit to come from New York or Philadelphia on the midnight trains. The day service offered by the railroad company is excellent, but we think that for the amount of travelling done by the undergraduates on both day and night trains we are fairly entitled to better night facilities. As a rule most of the travelling is done on the last night of the week, and during the spring, baseball teams, the golf team and other organizations will be taking short trips nearly every week. We think that in view of this situation, some plan might be arranged with the railroad company which would provide for a train to meet the "Owl" on Saturday nights without an extra charge being made, and we suggest that the president of the Senior Class appoint a committee, the number of members to be left to his discretion, to confer with the proper authorities in regard to this matter.

A train on this night especially has been needed time and time again, and we feel sure that if the company finds it possible to grant this request, their action will be greatly appreciated by all the members of the undergraduate body.

UNIVERSITY CALENDAR.

March 14—Gym. team exhibition at Ottoman on the Hudson.
March 15—Basketball: Princeton vs. St. John's Military Academy, at Syracuse, N.Y.
March 18—Freshman Inter-Hall Debate in Murray Hall.
