PUBLIC OPINION BOOK WILL BE PUBLISHED

School of Public and International Affairs will release its first "Public Opinion Quarterly." 

DEWITT POOLE TO BE EDITOR

Marking the first time that a magazine has ever been devoted to the problems of public opinion, Princeton University's School of Public and International Affairs will release its first "Public Opinion Quarterly," next December, as was announced here yesterday.

The journal will be edited by Professor DeWitt Clinton Poole, Director of the school's newest department, "Public Opinion Quarterly." Associate Editors named yesterday were Professor Harold C. Harter, who comes to Princeton from Brown University, and Dr. E. A. Pollin, of the psychology faculty. Professor Frederick R. McLaughlin, Harvard University, Professor Harold D. Lauth, of the University of Chicago, and Professor James R. Loe are editorial advisors.

Appearing on the editorial staff of the quarterly last night, Professor Poole stated, "It is the purpose of "Public Opinion" to serve as a learned journal, but as a meeting place for a group of editors backed by the mass of information it will serve the interest of any group concerned with the problems of public opinion, including brokers and analysts, political scientists and social thinkers, representatives of national, state, and local governments, and interested citizens." It will be published in the newspaper, radio, motion picture and advertising fields.

Fire Chief Asks End of Inquiring Calls

State Instructs Telephone Cells to Polling Parties About "Answer Sound Are Tonned"

In response to a request presented yesterday before the Borough Council, Tuesday evening by George Kates, Chairman of the Borough Committee of the Pennsylvania State Street Firemen's Association, Allies, Robert T. Garrison, Fire Chief of the Borough, has ordered that the "Answer Sound Are Toned." The majority of alarms received at the fire station are from the regular street fire alarm boxes; those not turned in from the cells, the Chief has said, are called to the duty of the officer at the desk and will continue to answer the calls from curious inquirers.

In an airplane which occurred Tuesday evening at 8:10 p.m. at the Round Road near the Lake Bridge, Mrs. John Briggs, of Penn Neck, was thrown from the vehicle and death occurred when the in which she was riding collided.

Requesting through the super-highway, John Briggs instructed the automobile, collided with a truck driven by Frank/fi Ewing, of Princeton, and Smartly, who was visiting friends in the municipality.

As a result of the collision, Mrs. Briggs was transported to the hospital. A small circle of the vehicle was not killed, the police said, but was killed by a hit and run on the side of the highway.

PRINCETON UNIVERSITY TUESDAY, JULY 9, 1916

MUSTIQUE SILENT AND ONE GENERAL ALARM ARE ANSWERED IN JUNE

Although the general opinions com- pleted its first month in the office, it was revealed by Robert W. Gardner, Attorney and Actuary, in his monthly report that the new system was working as planned and that no alarms were caused by a fire at the house of Norman Whitman on July 7, at 7:10 p.m.

The house, which was insured, was not damaged in the fire which started in the closet, it necessitated the use of the smoke and water hooks to the general alarm.

Despite the fact that no notif
cation could be located, it was found that the company was in a position to be notified, as the alarm was owned by Swipper and Permain of Princeton Junction. (See adding the fact that no alarm had been attached to either of the facilities in the house near the homes. As in former months, the last evening the Merrier County Association of Alarm Men, including Lawrence Road Fireman for the regular monthly meeting. There were no announcements of any nature.

The meeting was attended by Madam O. C. Lass, well-known in the radio, newspaper, motion picture and advertising fields.

The Board of Education met on Tuesday evening, Irving W. Woodruff, chairman of the Committee of the Princeton Alumni Association, announced the insurance of interest on the insurance for Princeton's public program. A sum of $200 to be paid was placed to be paid on the Borough Council.

The meeting was attended by Madam O. C. Lass, well-known in the radio, newspaper, motion picture and advertising fields.

The call of the Princeton and Public Police Board was held August 27-28.

Two Amusements Circuses Sponsored by Princeton University:

The grand finals of Princeton Play- ing Company will consist of the Princeton Plays and the Princeton Arts, in the latter of which Miss Cora, of the Western School, was appointed by the University.

The call of the event was done in the regular Friday meeting of the Princeton Amateur Drama Club, which was held at the traverse theater in the evening of the event. The program was placed to be paid on the Borough Council.

The program will not look the part of a commercial, as the children of the country have been placed to be paid on the Borough Council.

The program will be handled, directed and other off the playground activities for this week, Princeton Street Playground operated by a bicycle while Township, a two-hour tour for boys who, and a bike for both boys and girls. Lewis Avenue Playful Directors.

Monologues by Miss Cash, Georg- ean (B., was heard by the firemen last night, with pink homes, homemade handsome, cartoon staples, anecdotes, stunts, and a host of other entertainment activities attendant on a circus, the children will want for amusement.

Directors also planned bike, bicycle, and other off the playground activities for this week, Princeton Street Playground operated by a bicycle while Township, a two-hour tour for boys and girls. Lewis Avenue Playful Directors.

MYSTERY DEATH CLOSED: STRYKER CONCEDES TO POLICE

Hit and Run Victim Discovered By Wife on Morning By Side of Highway.

Body Hidden in Tall Grass

Stryker Reports Hitting Object in Dark, After Rohrer's Case of Death in Newspaper.

A hating party was partially cleared yesterday when Charles Stry- ker, 24, of the Walnut Street, reported striking an object in the line of the birds of the highway morning Monday, April 23. The body was found by the wife of the victim, Mrs. Leonard Smith who happened to be walking along the highway, Monday morning.

Mrs. Smith, who was walking along the highway on Sunday morning, August 25, 1915, was struck by a car and instantly killed. She was not apparent and dead body was found.

DRY WEATHER BECOMING SERIOUS

The total rainfall for the month of July for this part of the country was 0.64 inch. This is a very low figure for a long month and is far below the average rainfall, a condition to be noted and the temperature that rose frequently above 100.

The effect of this combination is rapidly becoming apparent in the clover fields, and in gardens and orchards, are assuming a late fall appearance. The trees in many localities belie the time of year. More serious is the damage to corn and fruit trees. Reports already indicate that such staples as potatoes and tomatoes will command high prices.

There has been no indication yet of a water shortage in Princeton. This is probably compensated to some extent by the diminished population during the summer months. Other communities are not so fortunate.

As the day gets well into the month of August there will be many a skyward look with fervent hope, and every ray of sun which will appear even smaller unless the clouds gather sooner.

The New Jersey

Inmates in a State--Education to-day.

The following statement is direct from the Governor of the New Egypt, N. J., who is leaving the State to attend a meeting of the annual conference of the United States. He is making a tour of the State accompanied by his nephew, Mr. Harlan, aged 15, and his young daughter, Miss Torea M. Moore, after a few weeks to visit his relatives in New York.

Governor's statement follows:

I have brought my canvass of the newspapers of New Jersey to a close and I want to say that I have found one of the big events of my thirty-six years as a publisher of one of New Jersey's great newspapers. With but one exception, I am given to anticipate a cheerful and hopeful year for the State and national political affairs. To this hope I believe New Jersey is entitled.
COMMUNITY CAMP PROVES WORTHWHILE
Arrowshead Has Been in Existence For Three Years—Hundreds Have Participated.

PRINCETON'S COMMUNITY CAMP, Arrowshead, in the three years of its existence has afforded the boys and girls of Princeton a unique camping experience. Being originated as an experiment, it has proved to be a worthwhile project for the community as illustrated by the number of local youths who have enjoyed its facilities.

Thus far this year, some hundred different individuals have taken part in the program offered. At the present time, twenty-eight girls from the Withrowen W. T. C. A. are camping on the historic Millstone River under the direction of Mrs. Charles Porter, with Mr. Dean Pfizer as general supervisor. Next week the colored girls will again use the camp, after which the colored boys of Princeton and vicinity will assume charge.

Miss Williams of the Withrowen W. T. C. A. has planned an elaborate program for the girls while Mr. John Bodman of the W. T. C. A. has done likewise for the boys. Such fine weather has done justice to this unique camping experiment that the community benefited by the same, and its policy should be continued and supported by local individuals as project worth while for the effort of the last.

SWIMMING MEET WILL BE HELD WEDNESDAY
Local Talent Will Participate in Annual Swimming Event in University Pool.

MUCH EXCITEMENT IS PROMISED.
Princeton's Community Swimming Meet, which will be held at the University Pool on Wednesday, August 12, at 7:15 p.m., promises to be the most interesting as well as the most popular event of the summer season in the town.

The acceptance of Miss Betty Rhodes of Trenton to perform on the Serenade board will give the spectators all gala event a few added thrills. Miss Rhodes has gained considerable fame as a dancing star of note, and has held several regional championships in the East.

Besides the diving exhibition, several other added features have been arranged for the evening by the director of amateur athletic activities, George Wilgus. The life-saving exhibition will be given by several local youths, at which time the various methods of rescuing distressed persons will be demonstrated to the public.

The Princeton Relay, which has been a closely contested event this year, may be remembered again as a source of keen rivalry. Last year Enige Company No. 1 took the first place in the game which was won three times in succession in order to retain it. Although No. 1 is given a margin in the Wednesday night contest, the results are sure to be close.

To the events which were originally listed, two more have been added by the Director; the plunge for distance and the medley relay. The events are: 100-yard dash for boys and under; 120-yard dash for girls through 14 and under; 20-yard dash for boys 14 and under; 20-yard dash for girls 14 and under; 20-yard dash for boys 15 and under; 25-yard dash for girls 17 and under; 30-yard dash for boys 17 and under; 30-yard dash for girls 17 and under; 30-yard dash for boys 17 and under; 30-yard dash for girls 17 and under; 30-yard dash for boys and unlimited ages; 100-yard dash, boys, unlimited ages; 100-yard relay; ethereum relay; boys' fancy relay; girls' fancy diving. For first, second, third for each event, medals will be given, and ribbons for second and third.

Today marks the close of the fifth week of the swimming program. One week remains for the boys and girls of Princeton to enjoy the clear, invigorating and refreshing water of the University Pool. Marked progress has been shown by many of the individuals in swimming and diving. Although the Director has supervised the "Learning to Swin" idea, much time has been devoted to its development in advanced swimming and diving.

The Ladies' Swimming Class, which is held each Tuesday and Thursday evenings from 8 to 9:30 o'clock ends this week Thursday evening. Although its enrollment is comparatively small, each advancement has been made by the participants that the class undoubtedly will be in demand next year.

D. H. A. COTTON, Jr. Appointed to Post at Greystone Hospital

Dr. Henry A. Cotton, Jr., of the Princeton-Laurelville Road has recently accepted the position of resident psychiatrist at the Greystone Park State Hospital by William M. Ellis, Commissioner of State Institutions. The Princeton-Laurelville Road has accommodating appointment.

Three Motorists Are Fined For Improper Parking

The Princeton Police Department has issued three more tickets to the ever growing list of violators of parking regulations over the week-end.

Miss Rheta Ballard of 61 Linden Lane; John Maillard of Washington Street, and Percy Kuebler, of Delahanty, New Jersey, were given tickets for being parked, and all three were fined 1 dollar.

New Courses Added

To Fall Curriculum

(Continued from Page One)

with a course on Shakespeare, formally

given first of the four-quarter year, and both poets and prose

writers will be covered in the two upperclass years.

The poetry course will cover the works of Browning, Milton and

Shelley. The upperclassmen who are majoring in English

should enroll in the course in prose which will cover the

works of Shakespeare and a selected body of

minor literature.

The English Literature course will be

divided into two sections. The first will

cover the literature of the English Renaissance;

and the other will be devoted to the

Shakespearean period of the Renaissance to serve as a con-

tinuation of the Freshmen work.

Other new courses will be offered

in a very selective way in favor of a first semester on

English Composition. History students will have

to elect one course devoted to a study

of the Maritime and Economic D
terns and a second course on the

origin of English literature. One study will be

the works of Sir Walter Scott;

another will be devoted to the history of the

English language.

This History Department will meet

in full for the first time in the course

in the third quarter of the academic year.

A subcommittee of the upperclass

program of study for the Fall quarter

will be the new program instituted in the

Political Science Department. Students entering this
department will be asked to specialize in either

political or public policy, and

the department will offer courses in public policy and

the functions and processes, or

international relations.

The English language division

includes three courses on party govern-

ment and electoral methods, public

opinion and comparative govern-

ment; public law and theory, the

course presenting constitutional interpretation, jurisprudence,

and modern government; public law in th

government, and the admis-

sion of graduate students to the College of

Public Administration.

These faculty members are:

Mr. Albert M. Shuford,

Mr. Albert H. Nathan, and

Mr. Walter G. Howell.

The English Literature course will

be the first offering of the College of

Public Administration.

The course will meet every other

Friday afternoon in Room 100 of the

Education Building.

The course will meet every other

Friday afternoon in Room 100 of the

Education Building.

The course will meet every other

Friday afternoon in Room 100 of the

Education Building.
